

SAVE THE EARTH

J. And M. Gallina

1. Take a look around you and soon you'll realize
This lovely earth we live on is changing right before our eyes.
Look at nature's bounty, you'll find it's very clear
If we don't take care of it, it's soon will disappear

Refrain :

Save the earth we can do it !
We'll you take a vow and start right now and save the earth
Let's go to it,
Yes can't you see it's up to you and me.

2.

We all have a mission : treat the earth with loving care
Yes, we must work together to say the land, the sea and air.
One alone can't do it, it will take each one of you
Side by side this whole world wide, to make this dream come true.

Refrain :

Save the earth we can do it !
We'll you take a vow and start right now and save the earth
Let's go to it,
Yes can't you see it's up to you and me.

Save the earth we can do it !
We'll take a vow and start right now and save the earth
Let's go to it,
Yes can't you see it's up to you and me...you and me... you and me...
